

# TRANSACT

## Campus Commerce

Provide students an easy, convenient, and mobile capability to buy products and services in a cashless environment both on- and off-campus.

### Point of sale

Deliver a feature-rich, convenient shopping experience for your students facilitating item sales, order fulfillment, and inventory tracking while taking full advantage of the latest payment security technology.

- Point-of-sale registers, kiosks, mobile registers, and real-time online/mobile ordering
- Flexible and scalable for use in various operations—dining, snack shops, concessions, copy centers, retail outlets, and more
- Order routing, multiple tendering methods, payment security & reporting

### Retail

Give your institution a competitive edge by offering more amenities and services to better serve the needs of your students, parents, faculty, and community.

- Real-time inventory control with purchase order management
- Integrated shipping and receiving
- Broad retailer acceptance means cashless purchases campuswide

### Concessions

Manage your concessions and vending operations with a complete solution to significantly decrease settlement time and provide real-time inventory tracking.

- Automated begin/end counts, transfer in/out, waste, overages, & shortages
- Concession specific metrics, reported by event or location
- Wired or wireless readers for coinless vending

## Laundry

Allow students to use their campus card or mobile credential to pay for laundry services.

- Student convenience at laundry facilities
- Coin collection elimination
- Improved reporting capabilities

## Print/copy

Provide students an easy way to pay for printing and copying throughout your campus.

- Widely-compatible with existing systems
- Flexible system set up and design
- Full monitoring, control, and reporting on document output

## Digital commerce

Offer online and mobile ordering and payments to improve convenience and speed of service.

- Modern, online shopping experience with PCI-compliance
- Shoppers and store needs met with additional plug-ins and extensions
- Admin dashboard for quick, at-a-glance business intelligence

## Off-campus merchant program

Extend student ID card cashless payments to off-campus merchants.

- Merchant product & service offerings
- Incremental stored value deposits & revenue
- Customized marketing services
